

## Receptra™ PET Formulations

### Added Benefits

We know your pets are part of the family. They are part of ours as well, which is why we use only the most effective, pet-safe ingredients to give them the care they deserve.

### Human-Grade Ingredients

Receptra uses human-grade ingredients in all of our pet products because we know that quality matters.

### MCT Oil

Bioavailability is important to ensure your pet receives the most benefit from their Receptra products. Receptra PET drops contain only Cannabinoids and MCT to ensure they are optimally utilized by the body.

### Easy Dosing

Choosing the correct dose for your pet is now easier with two concentrations formulated for small or large pets. Please see the dosing guide inside for additional information.

## Additional Receptra™ Products

### Serious REST

Supports serious sleep and keeps the mind and body at ease. Serious Rest CBD Drops and Capsules with chamomile include the added benefits of Linalool Terpenes and hints of Valerian Root. CBD Gummies for Sleep have additional CBN.

### Seriously RELAX

Receptra Relax Hemp Extracts are formulated to encourage a calm focus while providing a natural defense for life's daily stresses. Capsules are a great on-the-go option and Relax Body Oil is the ideal complement to a daily regimen or to promote relaxation when you need it most.

### Serious RELIEF

Serious pain needs Serious Relief. CBD Drops and Gummies with added turmeric and CBD Targeted Topicals™ with arnica are meant for weekend warriors, active lifestyles, and all the aches and pains that come with continuing to move forward.

### Serious CBD for Wellness

Receptra Serious CBD for Wellness is a minimal-ingredient, full spectrum hemp extract option. This product is for both those with advanced wellness needs, and for those new to using Receptra Naturals products.

REST. RELAX. RELIEF.  
RECEPTRA.

## Receptra™ PET Formulas

Our CBD extract for pets is formulated to be a natural relief with ingredients that promote recovery and relief from life's everyday battles or scary situations. The same formula is provided in two different concentrations to simplify dosing for small and large pets.

### INGREDIENTS:

Organic MCT Oil, Receptra™ Hemp Extract.

### Small PET 16mg CBD / Dropper

#### Full Spectrum Hemp Extract

For Pets <40 lbs  
1 fl oz (30mL)

- Promotes active mobility
- Interacts with your pet's natural endocannabinoid system
- Use on food or treats and find your small pet's optimal dose
- Perfect for cats, small dogs, birds, and other small animals

### Large PET 25mg CBD / Dropper

#### Full Spectrum Hemp Extract

For Pets >40 lbs  
1 fl oz (30mL)

- Promotes active mobility
- Interacts with your pet's natural endocannabinoid system
- Use on food or treats with less volume required
- Great for large dogs and smaller livestock

## PET Chews 5mg CBD / Chew

### Full Spectrum Hemp Extract

*Peanut Butter Bacon Flavor*

- Premium extract using only hand-shucked hemp flower
- Carefully formulated to provide enhanced mobility and calmness in your pet
- 100mg of Wild Alaskan Salmon Oil in every treat

## Relief for Your PET

Receptra's Pet formula contains fatty acids to provide a number of health benefits to support muscle and joint health and to maintain mood and energy. Just because they have fur (or feathers) doesn't make them any less of a family member, and they deserve the same relief.

### Why We're Serious

It's personal to us. CBD has improved our lives and the lives of our loved ones, and we believe that the truth is curative. You deserve more than just "getting through" life; you deserve the tools to live better and healthier.

### Why We Make It Simple

Life is already complicated enough. At Receptra, we aim to do all we can to make it easy to find what's right for you with straightforward products and clear instructions. And we have real people on call to answer any questions or concerns.

### Why Transparency Matters

We're confident in our products, but we believe trust is earned. So, we go the extra mile, using fully accredited and licensed third-party labs, to show you what you're putting in your body. But don't just believe us - believe the full Certificate of Analysis we make available for all of our products.

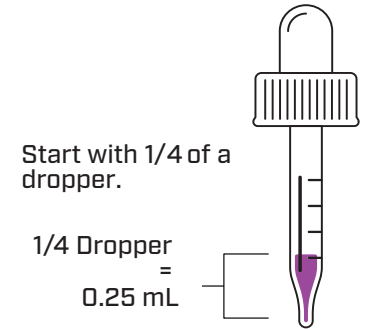

*Specially formulated to be easily digestible, Receptra™ Pet Hemp Extracts provide human-grade, all-natural, animal health and wellness benefits.*

## Receptra™ PET Dosing Guide

The same endocannabinoid system found in the human body that activates our cannabinoid receptors is also found in any animal with vertebrae, making CBD a natural way to proactively care for their health and well-being.

### For Small Pets

Shake well. For pets under 40lbs, begin with 0.25 - 0.5 mL, orally or in food. Increase over time until desired results are achieved. Most cats will stay under 0.25 mL per serving. Do not exceed 1 mL every 6 hours. Do not place dropper inside pet's mouth.

### For Large Pets

Shake well. This product is intended for pets larger than 40lbs. Begin with 0.5 mL, orally or in food. Increase over time until desired results are achieved. Do not exceed 2 mL every 6 hours unless your pet is larger than 60 pounds. Do not place dropper inside pet's mouth.
